Excursion Route Book.

The Passenger Department of the Pennsylvania Railroad Company has issued the 1906 edition of its Summer Excursion Route Book. This work is designed to provide the public with descriptive notes of the principal summer resorts of eastern America, with the best routes for reaching them, and the rates of fare. It contains all the principal seashore and mountain resorts of the East, and over seven hundred different routes or combinations of routes. The book has been compiled with the greatest care, and altogether is the most complete and comprehensive handbook of summer travel ever offered to the public.

The cover is handsome and striking, printed in colors, and the book contains several maps, presenting the exact routes over which tickets are sold. The book is profusely illustrated with fine half-tone cuts of scenery at the various resorts, and along the lines of the Pennsylvania Railroad.

This very interesting book may be procured at any Pennsylvania Railroad ticket office at the nominal price of ten cents, or upon application to the general office, Broad street station, by mail for twenty cents.
